

About Us

We are leading manufactures and exporters of corrugative adhesives & modified starches at Pune, India since 1980.

We have most modern manufacturing facility with experts in starch based adhesives technology. Presently we are supplying to many automatic and manual corrugated plants in India and abroad as well.

Our product is manufactured in strict quality adherence to maintain all properties and various types like:

Low solids & Medium viscosity,
High/Medium solids and Low viscosity,
High solids and High viscosity,

We maintain the basics of adhesives such as viscosity, solid content, pH, gel temperature.

We manufacture Corrugation Adhesives, Starch based Adhesives, Pasting Adhesives, Modified Starches, Paper tube Adhesives, Corrugated board Adhesives, Adhesives for High Speed Corrugation & Honeycomb Paper Board Adhesives.
